BATHROOMS

N1 WC DESCALER

N1 Gel WC Descaler, perfumes, sanitises and removes the most resistant limescale, thanks to the presence of hydrochloric acid.

BENEFITS

- **Effective against limescale and deposits:** thanks to the hydrochloric acid, it quickly and safely removes limescale deposits and urine residue from toilets, sanitary fixtures and urinals
- **Concentrated gel formula:** designed to ensure greater adhesion to vertical surfaces and improve cleaning efficiency.
- **Long-lasting cleanliness:** also removes unpleasant odours*, leaving surfaces clean and shiny.
- Pleasant and **long-lasting floral fragrance**.

* The mechanical action of the toilet brush helps eliminate substances responsible for foul odours together with dirt.

SUITABLE FOR

- WC, urinals and sanitary fixtures.

HOW TO USE IT

1. Apply the product under the rim of the toilet bowl or onto the surface to be treated.
2. Leave to work for the required time, keeping the lid raised. Then brush and rinse by flushing with water. For more stubborn scale, leave the product on overnight.

Precautions: do not use on marble, enamelled metal surfaces or other surfaces that may be damaged by contact with the product. Before use, test the product on a small, inconspicuous area to check the resistance of the material. Application on acid-sensitive surfaces may cause irreversible damage. For delicate surfaces, it is recommended to carry out a preliminary test on a small area.

BATHROOMS

N2 STRONG DESCALER

N2 Strong Descaler easily removes stubborn limescale from taps, sinks and fixtures. It leaves surfaces shiny and scented.

BENEFITS

- **Counters limescale and encrustation:** helps eliminate limescale deposits, rust stains and various types of encrustation.
- **Acts effectively** on all acid-resistant surfaces: tiles, glazed surfaces, sinks, sanitary ware, stainless steel equipment and surfaces, taps. In a single operation it cleans and descales.
- Pleasant and **long-lasting floral fragrance**.

SUITABLE FOR

- Taps and shower heads filled with limescale or blocked.
- Shower cubicles, sides of baths, tiles, sinks, sanitary ware.

HOW TO USE IT

1. Spray the product directly on the surface.
2. Leave to work for a few minutes.
3. Remove dirt by mechanically rubbing with a sponge and rinse, with particular attention on surfaces that come in contact with foodstuffs.

Use the product pure.

Precautions: do not use on marble and acid-sensitive surfaces. Always rinse accurately. On delicate surfaces, it is always recommended to test the product on a small area before use.
